Reality check: What happens when patients with anorectal malformations grow up? A pilot study of medical care transition from the adult patient perspective

Annelotte van der Bent, Eileen M Duggan, Laurie N Fishman, Belinda Hsi Dickie

PII: S0022-3468(18)30142-8  
DOI: doi:[10.1016/j.jpedsurg.2018.02.057](https://doi.org/10.1016/j.jpedsurg.2018.02.057)  
Reference: YJPSU 58570

To appear in:

Received date: 26 July 2017  
Revised date: 16 January 2018  
Accepted date: 19 February 2018

Please cite this article as: Annelotte van der Bent, Eileen M Duggan, Laurie N Fishman, Belinda Hsi Dickie , Reality check: What happens when patients with anorectal malformations grow up? A pilot study of medical care transition from the adult patient perspective. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Yjpsu(2018), doi:[10.1016/j.jpedsurg.2018.02.057](https://doi.org/10.1016/j.jpedsurg.2018.02.057)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Reality check: What happens when patients with anorectal malformations grow up? A pilot study of medical care transition from the adult patient perspective
