This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Manuscript type: Review Article

Compromised nutritional status in patients with end-stage liver disease: role of gut microbiota

Running title: Malnutrition in ESLD patients

Author: Maria Vasco¹, Rossella Paolillo¹, Concetta Schiano², Linda Sommese^{1,3*}, Oreste Cuomo⁴, Claudio Napoli^{1,2,5}

City: *Naples, Italy*

(Vasco M, Paolillo R, Schiano C, Sommese L, Cuomo O and Napoli C)

Received 24 November 2017

Accepted 29 May 2018
