

## Accepted Manuscript

Changes in the ankle muscles co-activation pattern after 5 years following total ankle joint replacement

Carlos De la Fuente, Eduardo Martinez-Valdes, Carlos Cruz-Montecinos, Rodrigo Guzman-Venegas, David Arriagada, Roberto Peña y Lillo, Hugo Henríquez, Felipe P. Carpes

PII: S0268-0033(18)30066-4  
DOI: doi:[10.1016/j.clinbiomech.2018.09.019](https://doi.org/10.1016/j.clinbiomech.2018.09.019)  
Reference: JCLB 4608  
To appear in: *Clinical Biomechanics*  
Received date: 25 January 2018  
Accepted date: 12 September 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
