Acknowledgements (removed from the manuscript for double-blind peer review)

We thank all schools, teachers, and students for their participation. We thank Elise Boersma - Van Dam for her assistance in performing the literature search. Furthermore, we are grateful to all research assistants – especially Elien van Es and Tanja van Veldhuizen – for their diligent work in collecting and entering the large amount of data.

Funding (removed from the manuscript for double-blind peer review)

This work was supported by the Netherlands Organisation for Scientific Research (NWO), [grant number 411-10-753]. The NWO was not involved in the collection, analysis, interpretation, or reporting of the data.
