

## Accepted Manuscript

The truth about tattoos

Bradley J. Ruffle, Anne E. Wilson

PII: S0165-1765(18)30331-8

DOI: <https://doi.org/10.1016/j.econlet.2018.08.024>

Reference: ECOLET 8174

To appear in: *Economics Letters*

Received date: 18 June 2018

Revised date: 16 August 2018

Accepted date: 19 August 2018

Please cite this article as: Ruffle B.J., Wilson A.E., The truth about tattoos. *Economics Letters* (2018), <https://doi.org/10.1016/j.econlet.2018.08.024>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Highlights**

- the tattooed and non-tattooed are similarly honest in low- and high-stakes tasks
- results are robust to controls for socio-demo. and number and placement of tattoos
- few subjects cheat maximally in either the low- or high-stakes task
- strategic cheating is limited to a small minority of subjects
