Title: Growing out of attention deficit hyperactivity disorder: insights from the 'remitted' brain

Authors: Gustavo Sudre, Aman Mangalmurti, Philip Shaw

PII: S0149-7634(18)30313-0
DOI: <https://doi.org/10.1016/j.neubiorev.2018.08.010>
Reference: NBR 3199

To appear in:

Received date: 3-5-2018
Revised date: 14-8-2018
Accepted date: 16-8-2018

Please cite this article as: Sudre G, Mangalmurti A, Shaw P, Growing out of attention deficit hyperactivity disorder: insights from the 'remitted' brain, *Neuroscience and Biobehavioral Reviews* (2018), <https://doi.org/10.1016/j.neubiorev.2018.08.010>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Growing out of attention deficit hyperactivity disorder: insights from the 'remitted' brain.

Gustavo Sudre, Aman Mangalmurti and Philip Shaw

Affiliation for authors: Neurobehavioral Clinical Research Section, Social and Behavioral Research Branch, National Human Genome Research Institute, and the National Institute of Mental Health, NIH.

*Corresponding author, Philip Shaw
