Title: Sensitive targeted methods for brain metabolomic studies in microdialysis samples

Authors: Jana Bongaerts, Dimitri De Bundel, Debby Mangelings, Ilse Smolders, Yvan Vander Heyden, Ann Van Eeckhaut

PII: S0731-7085(18)31440-7
DOI: <https://doi.org/10.1016/j.jpba.2018.08.043>
Reference: PBA 12174

To appear in: *Journal of Pharmaceutical and Biomedical Analysis*

Received date: 15-6-2018
Revised date: 20-8-2018
Accepted date: 21-8-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Sensitive targeted methods for brain metabolomic studies in microdialysis samples
