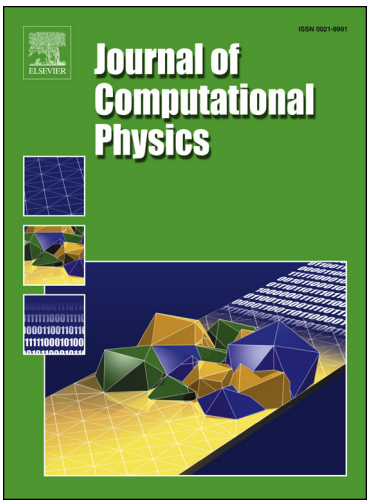
Accepted Manuscript



The scaling and skewness of optimally transported meshes on the sphere

Chris J. Budd, Andrew T.T. McRae, Colin J. Cotter

PII: S0021-9991(18)30551-5
DOI: https://doi.org/10.1016/j.jcp.2018.08.028
Reference: YJCPH 8214

To appear in: *Journal of Computational Physics*

Received date: 1 November 2017
Revised date: 16 August 2018
Accepted date: 18 August 2018

Please cite this article in press as: C.J. Budd et al., The scaling and skewness of optimally transported meshes on the sphere, *J. Comput. Phys.* (2018), https://doi.org/10.1016/j.jcp.2018.08.028

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
