This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Highlights

- We performe an investigation of the clique in stock trading network.
- The clique structure in manipulated stock is clear different.
- We propose a method to detect the colluded traders based on cliques.
