## Accepted Manuscript

Title: Synthesis of a New Superabsorbent Copolymer Based on Acrylic Acid Grafted onto Carboxymethyl Tragacanth

Authors: Mohammad Behrouzi, Peyman Najafi Moghadam

To appear in:

Received date:	5-4-2018
Revised date:	21-8-2018
Accepted date:	23-8-2018

Please cite this article as: Behrouzi M, Moghadam PN, Synthesis of New Superabsorbent Copolymer Based on Acrylic Acid Grafted a onto Carboxymethyl Tragacanth, Carbohydrate **Polymers** (2018),https://doi.org/10.1016/j.carbpol.2018.08.094

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
