

Accepted Manuscript

In vivo genome editing of mucopolysaccharidosis I mice using the CRISPR/Cas9 system

Roselena Silvestri Schuh, Édina Poletto, Gabriela Pasqualim, Angela Maria Vicente Tavares, Fabíola Shons Meyer, Esteban Alberto Gonzalez, Roberto Giugliani, Ursula Matte, Helder Ferreira Teixeira, Guilherme Baldo

PII: S0168-3659(18)30497-8
DOI: doi:[10.1016/j.jconrel.2018.08.031](https://doi.org/10.1016/j.jconrel.2018.08.031)
Reference: COREL 9440

To appear in: *Journal of Controlled Release*

Received date: 19 April 2018
Revised date: 3 July 2018
Accepted date: 22 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

***In vivo* genome editing of mucopolysaccharidosis I mice using the CRISPR/Cas9 system**
