Accepted Manuscript

Biotechnological Routes for Transglutaminase Production: Recent Achievements, Perspectives and Limits

Limin Wang, Bo Yu, Ruixuan Wang, Jianchun Xie

PII: S0924-2244(17)30755-0

DOI: 10.1016/j.tifs.2018.09.015

Reference: TIFS 2322

To appear in: Trends in Food Science & Technology

Received Date: 23 November 2017

Revised Date: 17 July 2018

Accepted Date: 11 September 2018

Please cite this article as: Wang, L., Yu, B., Wang, R., Xie, J., Biotechnological Routes for Transglutaminase Production: Recent Achievements, Perspectives and Limits, *Trends in Food Science & Technology* (2018), doi: https://doi.org/10.1016/j.tifs.2018.09.015.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
