Mechanisms of Sb(III) oxidation mediated by low molecular weight phenolic acids

Tong-liang Wu, Wen-xiu Qin, Marcelo Eduardo Alves, Guo-dong Fang, Qian Sun, Pei-xin Cui, Cun Liu, Dong-mei Zhou, Yu-jun Wang

PII: S1385-8947(18)31716-9
DOI: <https://doi.org/10.1016/j.cej.2018.09.008>
Reference: CEJ 19847

To appear in: *Chemical Engineering Journal*

Received Date: 27 April 2018
Revised Date: 13 August 2018
Accepted Date: 2 September 2018

Please cite this article as: T-l. Wu, W-x. Qin, M.E. Alves, G-d. Fang, Q. Sun, P-x. Cui, C. Liu, D-m. Zhou, Y-j. Wang, Mechanisms of Sb(III) oxidation mediated by low molecular weight phenolic acids, *Chemical Engineering Journal* (2018), doi: <https://doi.org/10.1016/j.cej.2018.09.008>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Mechanisms of Sb(III) oxidation mediated by low molecular weight phenolic acids
