Title: Inherently Safer Mechanical Material Selection for Process Equipment

Authors: Muhammad Athar, Azmi Mohd Shariff, Azizul Buang, Heri Hermansyah

PII: S0957-5820(18)30842-5
DOI: <https://doi.org/10.1016/j.psep.2018.09.008>
Reference: PSEP 1512

To appear in: *Process Safety and Environment Protection*

Received date: 9-2-2018
Revised date: 17-8-2018
Accepted date: 6-9-2018

Please cite this article as: Athar M, Shariff AM, Buang A, Hermansyah H, Inherently Safer Mechanical Material Selection for Process Equipment, *Process Safety and Environmental Protection* (2018), <https://doi.org/10.1016/j.psep.2018.09.008>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Inherently Safer Mechanical Material Selection for Process Equipment
