

Accepted Manuscript

Depletion-interaction-driven assembly of golf ball-like particles for development of colloidal macromolecules

Kanako Watanabe, Yui Tajima, Takuya Shimura, Haruyuki Ishii, Daisuke Nagao

PII: S0021-9797(18)31041-5
DOI: <https://doi.org/10.1016/j.jcis.2018.08.117>
Reference: YJCIS 24050

To appear in: *Journal of Colloid and Interface Science*

Received Date: 26 July 2018
Revised Date: 31 August 2018
Accepted Date: 31 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Depletion-interaction-driven assembly of golf ball-like particles for development of colloidal macromolecules
