Design: A nonequivalent control group pretest-posttest design

Author Contribution: SSK designed this study and acquired the data. SSK and JCD drafted the first version of the manuscript and performed the analysis and interpretation of the data. All authors revised the manuscript collaboratively.

Acknowledgements: The authors would like to thank Drs. Marilyn Oermann and Margie Molloy for providing guidance and advice for this paper.

Declaration of Interest: The authors report no declarations of interest.

Funding: This research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors.
