Accepted Manuscript

Structural and physicochemical characteristics of lycoris starch treated with different physical methods

Fan Zhang, Yuan-Yuan Zhang, Kiran Thakur, Jian-Guo Zhang, Zhao-Jun Wei

PII: S0308-8146(18)31650-9

DOI: https://doi.org/10.1016/j.foodchem.2018.09.079

Reference: FOCH 23566

To appear in: Food Chemistry

Received Date: 19 June 2018

Revised Date: 12 September 2018 Accepted Date: 12 September 2018

Please cite this article as: Zhang, F., Zhang, Y-Y., Thakur, K., Zhang, J-G., Wei, Z-J., Structural and physicochemical characteristics of lycoris starch treated with different physical methods, *Food Chemistry* (2018), doi: https://doi.org/10.1016/j.foodchem.2018.09.079

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
