

## Accepted Manuscript

Lysophosphatidylcholine induces expression of genes involved in cholesterol biosynthesis in THP-1 derived macrophages

Min Ho Cha, So Min Lee, Jeeyoun Jung

PII: S0039-128X(18)30166-1

DOI: <https://doi.org/10.1016/j.steroids.2018.09.003>

Reference: STE 8309

To appear in: *Steroids*

Received Date: 25 July 2018

Revised Date: 3 September 2018

Accepted Date: 8 September 2018

Please cite this article as: Cha, M.H., Lee, S.M., Jung, J., Lysophosphatidylcholine induces expression of genes involved in cholesterol biosynthesis in THP-1 derived macrophages, *Steroids* (2018), doi: <https://doi.org/10.1016/j.steroids.2018.09.003>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Lysophosphatidylcholine induces expression of genes involved in cholesterol biosynthesis in THP-1 derived macrophages**
