

## Accepted Manuscript

Title: The association between COX-2 gene rs5275 polymorphism and Nasopharyngeal carcinoma risk

Authors: Jun Fu, Zhanzhan Li, Na Li

PII: S0344-0338(18)30693-9  
DOI: <https://doi.org/10.1016/j.prp.2018.07.028>  
Reference: PRP 52134

To appear in:

Received date: 5-6-2018  
Revised date: 12-7-2018  
Accepted date: 25-7-2018

Please cite this article as: Fu J, Li Z, Li N, The association between COX-2 gene rs5275 polymorphism and Nasopharyngeal carcinoma risk, *Pathology - Research and Practice* (2018), <https://doi.org/10.1016/j.prp.2018.07.028>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
