Title: Peripheral Intravenous Volume Assessment (PIVA) for Quantitating Volume Overload in Patients Hospitalized with Acute Decompensated Heart Failure—a Pilot Study.

Author: Merrick Miles, Bret D. Alvis, Kyle Hocking, Franz Baudenbacher, Christy Guth, JoAnn Lindenfeld, Colleen Brophy, Susan Eagle

PII: S1071-9164(18)30187-8
DOI: <https://doi.org/10.1016/j.cardfail.2018.05.003>
Reference: YJCAF 4135

To appear in: *Journal of Cardiac Failure*

Received date: 6-10-2017
Revised date: 23-4-2018
Accepted date: 11-5-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Peripheral Intravenous Volume Assessment (PIVA) for quantitating volume overload in patients hospitalized with acute decompensated heart failure—a pilot study.

Short title: PIVA in Heart Failure Patients

Author Names and Affiliations:

Merrick Miles MD¹

Assistant Professor

422 MAB, 1211 21st Ave South, Vanderbilt University Medical Center, Nashville, TN 37212, U.S.A.

Contributions: study design, enrollment, data analysis, manuscript preparation.

Email: merrick.e.miles@vanderbilt.edu

Bret D. Alvis MD¹

Assistant Professor

422 MAB, 1211 21st Ave South, Vanderbilt University Medical Center, Nashville, TN 37212, U.S.A.

Vanderbilt University Medical Center, Department of Anesthesiology, Division of Critical Care

Contributions: study design, enrollment, data analysis, manuscript preparation.

Email: bret.d.alvis@vanderbilt.edu

Kyle Hocking PhD²

Assistant Professor

S111 Medical Center North, 21st Ave South, Vanderbilt University Medical Center, Nashville, TN 37212, U.S.A.

Contributions: study design, enrollment, data analysis, manuscript preparation.

Email: kyle.m.hocking@vanderbilt.edu

Franz Baudenbacher PhD³

Associate Professor

S111 Medical Center North, 21st Ave South, Vanderbilt University Medical Center, Nashville, TN 37212, U.S.A.

Contributions: study design, data analysis, manuscript preparation.

Email: F.baudenbacher@vanderbilt.edu

Christy Guth MD²

General Surgery Resident

S111 Medical Center North, 21st Ave South, Vanderbilt University Medical Center, Nashville, TN 37212, U.S.A.

Contributions: enrollment, data analysis, manuscript preparation.

Email: christy.m.guth@vanderbilt.edu

JoAnn Lindenfeld, MD⁴

Professor of Medicine

1215 21st Avenue South, 5th Floor, Vanderbilt University Medical Center Nashville, TN 37232, U.S.A.

Contributions: data analysis, manuscript preparation.

Email: joann.lindenfeld@vanderbilt.edu

Colleen Brophy MD²

Professor of Surgery

S111 Medical Center North, 21st Ave South, Vanderbilt University Medical Center, Nashville, TN 37212, U.S.A.

Contributions: study design, enrollment, data analysis, manuscript preparation.

Email: colleen.brophy@vanderbilt.edu

Susan Eagle MD⁵

Associate Professor

S111 Medical Center North, 21st Ave South, Vanderbilt University Medical Center, Nashville, TN 37212, U.S.A.

Contributions: study design, enrollment, data analysis, manuscript preparation.

Email: susan.eagle@vanderbilt.edu
