Jouvet's animal model of RBD, clinical RBD, and their relationships to REM sleep mechanisms

Pierre-Hervé Luppi

PII: S1389-9457(18)30220-X

DOI: [10.1016/j.sleep.2018.05.026](https://doi.org/10.1016/j.sleep.2018.05.026)

Reference: SLEEP 3719

To appear in: *Sleep Medicine*

Please cite this article as: Luppi P-H, Jouvet's animal model of RBD, clinical RBD, and their relationships to REM sleep mechanisms, *Sleep Medicine* (2018), doi: 10.1016/j.sleep.2018.05.026.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Jouvet's animal model of RBD, clinical RBD, and their relationships to REM sleep mechanisms
