Dielectric barrier discharge reactor with the segmented electrodes for decomposition of toluene adsorbed on bare-zeolite

Byungjin Lee, Dong-Wook Kim, Dong-Wha Park

PII: S1385-8947(18)31822-9
DOI: <https://doi.org/10.1016/j.cej.2018.09.104>
Reference: CEJ 19943

To appear in: *Chemical Engineering Journal*

Received Date: 5 May 2018
Revised Date: 11 September 2018
Accepted Date: 13 September 2018

Please cite this article as: B. Lee, D-W. Kim, D-W. Park, Dielectric barrier discharge reactor with the segmented electrodes for decomposition of toluene adsorbed on bare-zeolite, *Chemical Engineering Journal* (2018), doi: <https://doi.org/10.1016/j.cej.2018.09.104>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Dielectric barrier discharge reactor with the segmented electrodes for decomposition of
toluene adsorbed on bare-zeolite
