

## Accepted Manuscript

Synthesis of albumin capped gold nanoparticles and their direct attachment on glassy carbon electrode for the determination of nitrite ion

Sekar Shankar, N.S.K. Gowthaman, S. Abraham John

PII: S1572-6657(18)30627-1  
DOI: doi:[10.1016/j.jelechem.2018.09.030](https://doi.org/10.1016/j.jelechem.2018.09.030)  
Reference: JEAC 12613

To appear in: *Journal of Electroanalytical Chemistry*

Received date: 10 July 2018  
Revised date: 11 September 2018  
Accepted date: 14 September 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Synthesis of albumin capped gold nanoparticles and their direct attachment on glassy carbon electrode for the determination of nitrite ion**
