Studies of a combined way of flame stability in ramjet combustor

Jia-xin Tao

PII: S2214-9147(18)30148-X

DOI: [10.1016/j.dt.2018.07.023](https://doi.org/10.1016/j.dt.2018.07.023)

Reference: DT 365

To appear in: *Defence Technology*

Received Date: 20 April 2018

Revised Date: 29 July 2018

Accepted Date: 30 July 2018

Please cite this article as: Tao J-x, Studies of a combined way of flame stability in ramjet combustor, *Defence Technology* (2018), doi: 10.1016/j.dt.2018.07.023.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# **Studies of a Combined Way of Flame Stability in Ramjet Combustor**
