This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Foreign Currency Borrowing and Risk-Hedging Behaviors: Evidence from a Household Survey in Cambodia

Daiju Aiba, Ken Odajima, and Vouthy Khou¹

¹ Daiju Aiba: Research fellow, JICA Research Institute. Ken Odajima: JICA Research Institute. Vouthy Khou: National Bank of Cambodia. The authors acknowledge the financial support from JICA Research Institute under the research project: “Empirical Study on the Promotion of Home Currency in Cambodia.” We are grateful to Mariko Watanabe, who gave helpful comments to improve the paper during a conference of the Japan Association for Asian Studies, Japan. We received suggestions from Zhiwen Zhang and participants during the conference of the Western Economics Association International, Singapore.
