

## Accepted Manuscript

Genomics-based precision breeding approaches to improve drought tolerance in rice

B.P. Mallikarjuna Swamy, Arvind Kumar

PII: S0734-9750(13)00085-2  
DOI: doi: [10.1016/j.biotechadv.2013.05.004](https://doi.org/10.1016/j.biotechadv.2013.05.004)  
Reference: JBA 6684

To appear in: *Biotechnology Advances*

Received date: 7 December 2012  
Revised date: 23 April 2013  
Accepted date: 8 May 2013

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Genomics-based precision breeding approaches to improve drought tolerance in  
rice**
