

Accepted Manuscript

Title: Accurel MP 1000 as a support for the immobilization of lipase from *Burkholderia cepacia*: Application to the kinetic resolution of *myo*-inositol derivatives

Author: Evelin A. Manoel Marcela F.P. Ribeiro Jose C.S. dos Santos Maria Alice Z. Coelho Alessandro B.C. Simas Roberto Fernandez-Lafuente Denise M.G. Freire

PII: S1359-5113(15)30032-5
DOI: <http://dx.doi.org/doi:10.1016/j.procbio.2015.06.023>
Reference: PRBI 10467

To appear in: *Process Biochemistry*

Received date: 22-4-2015
Revised date: 11-6-2015
Accepted date: 25-6-2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Accurel MP 1000 as a support for the immobilization of lipase from *Burkholderia cepacia*: Application to the kinetic resolution of myo-inositol derivatives
