

## Accepted Manuscript

Title: Bioelectricity production from acidic food waste leachate using microbial fuel cells: Effect of microbial inocula

Authors: Xiao Min Li, Ka Yu Cheng, Jonathan W.C. Wong

PII: S1359-5113(12)00370-4  
DOI: doi:10.1016/j.procbio.2012.10.001  
Reference: PRBI 9681

To appear in: *Process Biochemistry*

Received date: 28-2-2012  
Revised date: 6-10-2012  
Accepted date: 8-10-2012

Please cite this article as: Li XM, Cheng KY, Wong JWC, Bioelectricity production from acidic food waste leachate using microbial fuel cells: Effect of microbial inocula, *Process Biochemistry* (2010), doi:10.1016/j.procbio.2012.10.001

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
