Learning Style Impact on Knowledge Gains in Human Patient Simulation

Mary Ann Shinnick, Mary A. Woo

PII: S0260-6917(14)00197-X  
DOI: doi: [10.1016/j.nedt.2014.05.013](https://doi.org/10.1016/j.nedt.2014.05.013)  
Reference: YNEDT 2743

To appear in: *Nurse Education Today*

Received date: 15 February 2014  
Revised date: 13 May 2014  
Accepted date: 27 May 2014

Please cite this article as: Shinnick, Mary Ann, Woo, Mary A., Learning Style Impact on Knowledge Gains in Human Patient Simulation, *Nurse Education Today* (2014), doi: [10.1016/j.nedt.2014.05.013](https://doi.org/10.1016/j.nedt.2014.05.013)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## **Learning Style Impact on Knowledge Gains in Human Patient Simulation**

Mary Ann Shinnick, PhD, RN  
School of Nursing, University of California at Los Angeles

Mary A. Woo, DNSc  
School of Nursing, University of California at Los Angeles

**Corresponding Author:** Mary Ann Shinnick, PhD, RN  
In-Residence Assistant Professor  
Director of Simulation, UCLA School of Nursing  
700 Tiverton, Room 3-956  
Box 956917  
Los Angeles, CA 90095  
Tel: 310-794-4219 Fax: 310-267-0413  
Email: mshinnic@sonnet.ucla.edu

### **Acknowledgements**

The authors would like to acknowledge the following research assistants who volunteered their time and expertise to this study: Lorie Judson PhD, RN, Professor, School of Nursing, California State University at Los Angeles, Deborah Bennett, MN, RN, Faculty and Simulation Lab Coordinator, California State University at San Marcos, Angela Six, BSN, RN, Kulwant Dosanjh, MA, former Simulation Lab/Clinical Coordinator, University of California at Los Angeles, and Susan Morgan, BSN, RN, Assistant Simulation Lab Coordinator, California State University at San Marcos.

This study was funded by a grant from Sigma Theta Tau, Gamma Tau Chapter, University of California at Los Angeles.

**Word Count:** 4,134

**Keywords:** learning style, prelicensure, nursing students, human patient simulation
