

## Accepted Manuscript

Triazole linked mono carbonyl curcumin-isatin bifunctional hybrids as novel anti tubulin agents: Design, synthesis, biological evaluation and molecular modeling studies

Sahil Sharma, Manish K. Gupta, Ajit K. Saxena, Preet Mohinder S. Bedi

PII: S0968-0896(15)30091-2  
DOI: <http://dx.doi.org/10.1016/j.bmc.2015.10.013>  
Reference: BMC 12613

To appear in: *Bioorganic & Medicinal Chemistry*

Received Date: 18 August 2015  
Revised Date: 6 October 2015  
Accepted Date: 11 October 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
