

Structural, Electrical, Magnetic and
Magnetoelectric properties of Fe doped BaTiO₃
ceramics

Alka Rani, Jayant Kolte, Samba Siva Vadla,
Prakash Gopalan

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Structural, Electrical, Magnetic and Magnetoelectric properties of Fe doped BaTiO₃ ceramics

Authors: Alka Rani, Jayant Kolte, Samba Siva Vadla, Prakash Gopalan^{1,*}

Affiliation: Department of Metallurgical Engineering and Materials Science, Indian Institute of Technology, Bombay- 400076, India.

¹Present address: Thapar University, Patiala, Punjab, India.

*corresponding author e-mail: pgopalan@iitb.ac.in, Tel.: +91-22-25767635
