Environmental performance evaluation of different cutting environments when milling H13 tool steel

ismet hari mulyadi, Vincent Balogun, Dr., Paul T. Mativenga, Prof

PII: S0959-6526(15)00904-X

DOI: [10.1016/j.jclepro.2015.07.024](https://doi.org/10.1016/j.jclepro.2015.07.024)

Reference: JCLP 5830

To appear in: *Journal of Cleaner Production*

Received Date: 10 November 2014

Revised Date: 6 May 2015

Accepted Date: 4 July 2015

Please cite this article as: mulyadi ih, Balogun V, Mativenga PT, Environmental performance evaluation of different cutting environments when milling H13 tool steel, *Journal of Cleaner Production* (2015), doi: 10.1016/j.jclepro.2015.07.024.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
