

Accepted Manuscript

A Fuzzy Logic-based Approach to Determine Product Component End-of-Life Option from the Views of Sustainability and Designer's Perception

Junfeng Ma, Gül E. Okudan Kremer, Ph.D. Professor / ASME Fellow

PII: S0959-6526(15)01118-X

DOI: [10.1016/j.jclepro.2015.08.029](https://doi.org/10.1016/j.jclepro.2015.08.029)

Reference: JCLP 5995

To appear in: *Journal of Cleaner Production*

Received Date: 7 November 2014

Revised Date: 11 July 2015

Accepted Date: 7 August 2015

Please cite this article as: Ma J, Okudan Kremer GE, A Fuzzy Logic-based Approach to Determine Product Component End-of-Life Option from the Views of Sustainability and Designer's Perception, *Journal of Cleaner Production* (2015), doi: 10.1016/j.jclepro.2015.08.029.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
