Prenylation differentially inhibits insulin-dependent immediate early gene mRNA expression

J. Lee Franklin, Maggie O. Amsler, Joseph L. Messina

PII: S0006-291X(16)30574-5

DOI: [10.1016/j.bbrc.2016.04.067](https://doi.org/10.1016/j.bbrc.2016.04.067)

Reference: YBBRC 35662

To appear in: *Biochemical and Biophysical Research Communications*

Received Date: 8 April 2016

Accepted Date: 13 April 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Prenylation Differentially Inhibits Insulin-Dependent Immediate
Early Gene mRNA Expression
