

Accepted Manuscript

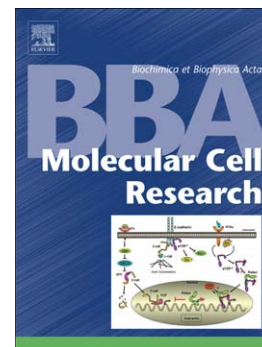

Discoveries, metabolic roles and diseases of mitochondrial carriers: a review

Ferdinando Palmieri, Magnus Monné

PII: S0167-4889(16)30060-X
DOI: doi: [10.1016/j.bbamcr.2016.03.007](https://doi.org/10.1016/j.bbamcr.2016.03.007)
Reference: BBAMCR 17822

To appear in: *BBA - Molecular Cell Research*

Received date: 18 December 2015
Revised date: 29 February 2016
Accepted date: 1 March 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title

Discoveries, metabolic roles and diseases of mitochondrial carriers: a review

Authors

Ferdinando Palmieri^{a,*} and Magnus Monné^{a,b}
