

Accepted Manuscript

A phase-field model for solid-state selective laser sintering of metallic materials

Xing Zhang, Yiliang Liao

PII: S0032-5910(18)30641-7
DOI: [doi:10.1016/j.powtec.2018.08.025](https://doi.org/10.1016/j.powtec.2018.08.025)
Reference: PTEC 13610
To appear in: *Powder Technology*
Received date: 4 May 2018
Revised date: 23 July 2018
Accepted date: 8 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
