

## Accepted Manuscript

Title: Stress burden and neuroendocrine regulation of cytokine production in patients with ulcerative colitis in remission

Authors: Harald Engler, Sigrid Elsenbruch, Laura Rebernik, Janina Köcke, Holger Cramer, Margarita Schöls, Jost Langhorst

PII: S0306-4530(18)30567-5  
DOI: <https://doi.org/10.1016/j.psyneuen.2018.08.009>  
Reference: PNEC 4021

To appear in:

Received date: 8-6-2018  
Revised date: 2-8-2018  
Accepted date: 5-8-2018

Please cite this article as: Engler H, Elsenbruch S, Rebernik L, Köcke J, Cramer H, Schöls M, Langhorst J, Stress burden and neuroendocrine regulation of cytokine production in patients with ulcerative colitis in remission, *Psychoneuroendocrinology* (2018), <https://doi.org/10.1016/j.psyneuen.2018.08.009>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## **Stress burden and neuroendocrine regulation of cytokine production in patients with ulcerative colitis in remission**
