^b CPP, Inc., 185 North Wolfe Road, Sunnyvale, CA 94086, USA

* Corresponding author.

E-mail addresses: yangyangsh@outlook.com (Y. Yang), mmorris@cpp.com (M. L. Morris),
dsprotolipac@stcloudstate.edu (D. S. Protolipac).

Author Note: This manuscript is partially based on the master's thesis of the first author under the supervision of the third author. A subset of Stage II data is presented in a technical brief published by CPP, Inc., the publisher of the Strong Interest Inventory[®]. *Acknowledgement:* We thank Richard C. Thompson and Janelle Rohr for insightful and constructive feedback that helped improve our manuscript. In addition, we thank our partners and contacts in China who actively recruited the respondents for us. *Funding:* This work was supported by the University Researcher Award Internal of St. Cloud State University [EMS-211101]. *Declarations of interest:* None.
