

## Accepted Manuscript

Incremental value of intact fibroblast growth factor 23 to natriuretic peptides for long-term risk estimation of heart failure patients

Damien Gruson, Vincenzo Carbone, Benjamin Feracin, Sylvie A. Ahn, Michel F. Rousseau

PII: S0009-9120(18)30818-X  
DOI: doi:[10.1016/j.clinbiochem.2018.09.003](https://doi.org/10.1016/j.clinbiochem.2018.09.003)  
Reference: CLB 9841  
To appear in: *Clinical Biochemistry*  
Received date: 29 July 2018  
Accepted date: 7 September 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
