This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## **Ramipril and left ventricular diastolic function in stable patients with pulmonary regurgitation after repair of tetralogy of Fallot.**

*†Sylvia Krupickova<sup>1</sup>, †Wei Li<sup>2</sup>, Mun Hong Cheang<sup>5</sup>, Michael L. Rigby<sup>1</sup>, Anselm Uebing<sup>2</sup>, Periklis Davlouros<sup>2</sup>, Konstantinos Dimopoulos<sup>2,4</sup>, Giovanni Di Salvo<sup>1</sup>, Alain Fraisse<sup>1</sup>, Lorna Swan<sup>2</sup>, Rafael Alonso-Gonzalez<sup>2</sup>, Aleksander Kempny<sup>2</sup> Dudley J. Pennell,<sup>3,4</sup> Roxy Senior,<sup>3,4</sup> Michael A. Gatzoulis<sup>2,3,4</sup>, \*Sonya V. Babu-Narayan<sup>2,3,4</sup>*

*†* the first and second authors contributed equally to the work

1. Department of Paediatric Cardiology, Royal Brompton Hospital, London, UK
2. Department of Adult Congenital Heart Disease, Royal Brompton Hospital, London, UK
3. Cardiovascular Research Unit, Royal Brompton & Harefield NHS Foundation Trust and Imperial College London, UK
4. National Heart and Lung Institute, Imperial College London
5. UCL Institute of Cardiovascular Science, University College London, UK

All authors take responsibility for all aspects of the reliability and freedom from bias of the data presented and their discussed interpretation.
