

# Accepted Manuscript

Membrane-based fractionation, enzymatic dephosphorylation, and gastrointestinal digestibility of  $\beta$ -casein enriched serum protein ingredients

Dasong Liu, Jie Zhang, Lingling Wang, Tianyi Yang, Xiaoming Liu, Yacine Hemar, Joe M. Regenstein, Peng Zhou

PII: S0268-005X(18)31382-1  
DOI: 10.1016/j.foodhyd.2018.09.032  
Reference: FOOHYD 4670  
To appear in: *Food Hydrocolloids*  
Received Date: 28 July 2018  
Accepted Date: 23 September 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
