Modeling transient soil moisture dichotomies in landscapes with intermixed land covers

Andres Patrignani, Tyson E. Ochsner

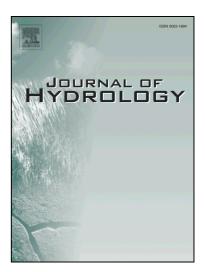

PII: S0022-1694(18)30743-1

DOI: https://doi.org/10.1016/j.jhydrol.2018.09.049

Reference: HYDROL 23146

To appear in: Journal of Hydrology

Received Date: 4 August 2018 Accepted Date: 18 September 2018

Please cite this article as: Patrignani, A., Ochsner, T.E., Modeling transient soil moisture dichotomies in landscapes with intermixed land covers, *Journal of Hydrology* (2018), doi: https://doi.org/10.1016/j.jhydrol.2018.09.049

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
