Impact of fermentation on *in vitro* bioaccessibility of phenolic compounds of tef *injera*

Habtu Shumoy, Molly Gabaza, Julie Vandeveldel, Katleen Raes

PII: S0023-6438(18)30817-X

DOI: [10.1016/j.lwt.2018.09.085](https://doi.org/10.1016/j.lwt.2018.09.085)

Reference: YFSTL 7465

To appear in: *LWT - Food Science and Technology*

Received Date: 7 December 2017

Revised Date: 6 August 2018

Accepted Date: 30 September 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Impact of fermentation on *in vitro* bioaccessibility of phenolic compounds of tef injera

Habtu Shumoy*, Molly Gabaza, Julie Vandeveld, Katleen Raes
