

Accepted Manuscript

Determination of vitamin K composition of fermented food

Marko Tarvainen, Mikael Fabritius, Baoru Yang

PII: S0308-8146(18)31707-2

DOI: <https://doi.org/10.1016/j.foodchem.2018.09.136>

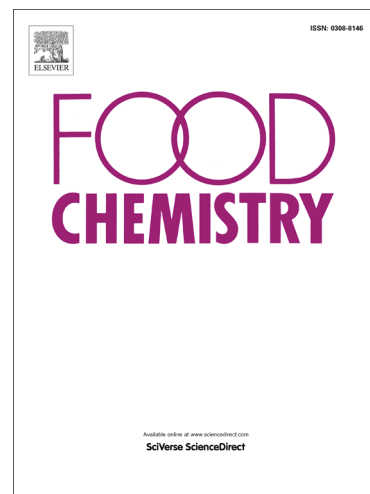

Reference: FOCH 23623

To appear in: *Food Chemistry*

Received Date: 9 February 2018

Revised Date: 8 September 2018

Accepted Date: 22 September 2018

Please cite this article as: Tarvainen, M., Fabritius, M., Yang, B., Determination of vitamin K composition of fermented food, *Food Chemistry* (2018), doi: <https://doi.org/10.1016/j.foodchem.2018.09.136>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Manuscript running title: **Determination of vitamin K composition of fermented food**

Marko Tarvainen^{a*}, Mikael Fabritius^{a#} and Baoru Yang^{a§}
