

Accepted Manuscript

On the multiscale simulation of squeezing nanofluid flow by a high precision scheme

S. Hadi Seyedi, Behzad Nemati Saray, Ali Ramazani

PII: S0032-5910(18)30726-5
DOI: doi:[10.1016/j.powtec.2018.08.088](https://doi.org/10.1016/j.powtec.2018.08.088)
Reference: PTEC 13673
To appear in: *Powder Technology*
Received date: 6 July 2018
Revised date: 14 August 2018
Accepted date: 30 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

On the Multiscale Simulation of Squeezing Nanofluid Flow by a High Precision Scheme
