

## Accepted Manuscript

Element transport and enrichment during propylitic alteration in Paleozoic porphyry Cu mineralization systems: insights from chlorite chemistry

Bing Xiao, Huayong Chen, Pete Hollings, Yunfeng Wang, Juntao Yang, Fangyue Wang

PII: S0169-1368(18)30395-0

DOI: <https://doi.org/10.1016/j.oregeorev.2018.09.020>

Reference: OREGEO 2699

To appear in: *Ore Geology Reviews*

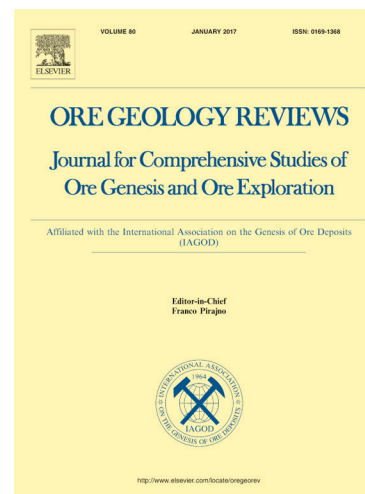

Received Date: 9 May 2018

Revised Date: 13 September 2018

Accepted Date: 18 September 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
