Task scheduling techniques in cloud computing: A literature survey

A.R. Arunarani, D. Manjula, Vijayan Sugumaran

PII: S0167-739X(17)32151-9
DOI: <https://doi.org/10.1016/j.future.2018.09.014>
Reference: FUTURE 4449

To appear in: *Future Generation Computer Systems*

Received date: 23 September 2017
Revised date: 15 August 2018
Accepted date: 5 September 2018

Please cite this article as: A.R. Arunarani, et al., Task scheduling techniques in cloud computing: A literature survey, *Future Generation Computer Systems* (2018), <https://doi.org/10.1016/j.future.2018.09.014>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Task Scheduling Techniques in Cloud Computing: A Literature Survey
