

## Accepted Manuscript

Assembly of Poly-3-(hexylthiophene) Nanocrystals in Marginal Solvent: the Role of PCBM

Marta Da Pian, Michele Maggini, G. Julius Vancso, Valerio Causin, Edmondo M. Benetti

PII: S0014-3057(18)30780-8

DOI: <https://doi.org/10.1016/j.eurpolymj.2018.09.049>

Reference: EPJ 8622

To appear in: *European Polymer Journal*

Received Date: 26 April 2018

Revised Date: 19 September 2018

Accepted Date: 24 September 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
