

Exploiting MEDLINE for Gene Molecular Function Prediction via NMF based Multi-Label Classification

PII: S1532-0464(18)30164-3
 DOI: <https://doi.org/10.1016/j.jbi.2018.08.009>
 Reference: YJBIN 3039

Received Date: 18 August 2017
Revised Date: 13 August 2018
Accepted Date: 17 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Exploiting MEDLINE for Gene Molecular Function

Prediction via NMF based Multi-Label Classification
