Short Communication

Biosynthesis of Advanced Biofuel Farnesyl acetate using engineered *Escherichia coli*

Daoyi Guo, Sijia Kong, Lihua Zhang, Hong Pan, Chao Wang, Zhijie Liu

PII: S0960-8524(18)31216-1

DOI: <https://doi.org/10.1016/j.biortech.2018.08.112>

Reference: BITE 20395

To appear in: *Bioresource Technology*

Received Date: 10 July 2018

Revised Date: 25 August 2018

Accepted Date: 27 August 2018

Please cite this article as: Guo, D., Kong, S., Zhang, L., Pan, H., Wang, C., Liu, Z., Biosynthesis of Advanced Biofuel Farnesyl acetate using engineered *Escherichia coli*, *Bioresource Technology* (2018), doi: <https://doi.org/10.1016/j.biortech.2018.08.112>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
